The automatic Ampag Boxer M is a reliable stainless steel strapping machine, suitable for the food and pharmaceutical industry. This model has a simple operation and can be integrated into a fully automatic packaging line. Due to its high speed and high reliability, the Ampag Boxer M is suitable for multiple industries such as meat, fish and clean rooms. The machine heats up quickly (approx. 25 seconds) and can make up to 54 strappings per minute.

Advantages

- For PP strap 5, 9, 12, 16 mm
- Up to 54 strappings per minute
- Simple and easy strap feed with error correction
- Easy to operate
- Automatic re-feeding in case of incorrect strap feed
- Automatic strap ejection system for strapping without a package
- Fast heating system (25 sec.)
- High reliability, stability and low maintenance
- Equipped with nylon wheels
- Can be integrated into production lines

Technical specification:	
Capacity	Up to 54 strappings/minute
Minimal package size (WxH)	80 mm x 30 mm
Maximal package size (WxH)	620 mm x 480 mm
Arch size (WxH)	650 mm x 500 mm
Strapping material	PP strap 5 - 16 mm
Strap tension	Max. 449 N
Strapping	Heat seal
Warm up time	Approx. 25 seconds
Power	230 V, 1 phase 50 Hz, 0,74 kVa
Machine weight	126 kg
Version	Stainless steel
