The CR 26 is a pneumatic strapping tool for strapping with steel strap with a very high strap tension of up to 8,400 N. The narrow base plate makes the CR 26 extremely suitable for strapping round bundles and packages. The CR 26 can be attached to a balancer (optional) by the suspension bracket, which increases the ease of use and increases the efficiency. The CR 26 is suitable for processing 25 or 32 mm steel straps.

Advantages

- For steel strap 25 or 32 mm
- Ideal for round or irregular shaped products
- Tension up to 8,400 N
- Seals required
- Pneumatic

Options

- Steel strap dispenser
- Balancer
- Maintenance unit
- Steel strap scissors

Technical specifications

Weight	9,3 kg
Sealing method	With seal
Tension force	Up to 8,400 N
Strapping material	Steel strap
Dimensions strap width / thickness	25 - 32 mm / 0,6 - 0,8 mm
